**Prof. Dr K. Stoffel** (Basel, Switzerland)

**The idea of a monobloc cup – an old concept revisited**

**Dr P. Henky** (Strasbourg, France)

**RM Pressfit vitamys – keeping isoelasticity and addressing wear issues**

**Dr R. Lerf** (Bettlach, Switzerland)

**RM Pressfit – why change a winning team?**

**Dr G. French** (Christchurch, NZ)

**RM Pressfit vitamys – an option in revision cases?**

**PD. Dr L. Büchler** (Biel, Switzerland)

**Apero**

# Presentations optimys

Friday, 22 September, 8:00–12:00h

**Röthlisberger M.**

**Reconstruction of hip geometry using a short stem prosthesis**

**Münger P.**

**Is there a benefit of a short stem in comparison to a straight stem? Experience from the Swiss Implant Registry data?**

**Kutzner K.-P.**

**Subsidence of short stems**

**Nitsche L.**

**Short stems suitable for all patients? A prospective study**

**Kutzner K.-P.**

**Short stems in simultaneous bilateral cases. A follow up of 400 patients**

**Rehbein P.**

**The value of intraoperative X-ray examination in short stem arthroplasty**

**French G.**

**Are short stems safe?**

**Rehbein P.**

**Short stem as revision implant**

**Iglesias K.**

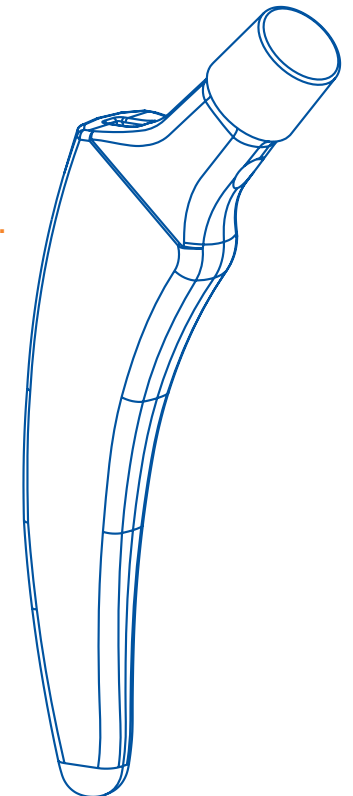

**Susidence of the optimys stem**

**Peyronet A.**

**optimys stem: first results**

**Chiron Ph.**

**Six good reasons for use optimys short stem**

# Presentation Acetabular press-fit

**Saturday, 23 September, 8:20h**

**Lerf R.**

**No metalback**

# Workshop on Modular Revision Stem

**Thursday, 21 September, 12:15 – 14:00 h**

## **Faculty**

**Dr Burette**, Belgium

**Dr Reina**, Toulouse Hospital (TBC)

# Workshop on the bonepreservation System (optimys/RM Pressfit vitamys)

**Friday, 22 September 2017, 12:15 – 14:00 h**

## **Faculty**

**Prof. Dr Sautet**, Paris Hospital, France

**Dr Henky**, Strasbourg, France

**Dr French**, Christchurch, NZ
